Thanks Michelle!

Final count for tomorrow is 13. We will have the tribal Van, Britt's SUV; and a back up BIA SUV if needed

- Chairman Neil Mortimer, Michelle Hochrein (PO) and Jane Long (attorney)
- Tribal Council member: Irvin Jim
- EPA : myself and Dana Barton
- Waterboard: Doug Carey or backup
- ARC: Brian Johnson, Mike and Britt representing ARC
- BIA: Montana Threefingers; Robert Eben
- AWG: Gavin Feiger; Aly Cheney; Sarah Muskin
-

Please be sure all have been emailed:

- site instructions: long pants, long sleeve shirt, sturdy toe covered shoes, sunscreen, sunglasses, bring own reusable water bottle.
- And the attached fact sheets.
- Britt/Brian will provide a one page handout with a site map/ HDS diagram at the start of our tour

Thanks! See you tomorrow!

Agenda: 8:30 to noon

- 8:30 Meet at the pull off of Leviathan Road at 395.
- We will have one Van (Washoe provided) and one SUV (ARC provided). Michelle to confirm we have sufficient vehicle space for all.
- Marc/Britt/ARC will provide one page handout. Site map on one side. HDS diagram on Back
- Michelle to send a list of attendees email with cc to Lynda to clarify requirements to come on the tour: long pants, long sleeve shirt, sturdy toe covered shoes, sunscreen, sunglasses, own reusable water bottle.
- We will Head to the trailer near pond 4 for check in and get safety debrief
- ARC will then Review the HDS plant and overview of water collection and treatment
- Discuss and show the equipment problem area occurred week of April 4th.
- Next ARC to Walk and review / look down upon the CUD water collection and Delta Seep water collection occurs
- Then Walk and review/ look down where the early spring treatment is occurring.
- ARC will provide Overview discussion of sampling underway on Friday: Surface water, revegetation test plots, upper pond sampling
- Wrap up and head back to the meeting location. Adjourn

Lynda
